(AN INTERNATIONAL BACCALAUREATE CANDIDATE SCHOOL)

Where Imagination Meets Purpose

Welcome to Chowgule International School (CIS) a new-age learning space envisioned by the Chowgule Education Society with a legacy of over seven decades, a name synonymous with educational excellence, innovation, and commitment to holistic growth.

Chowgule International School represents the natural evolution of the Chowgule Education Society's vision to create world-class educational experiences across all stages of learning.

Think Deeply, Act Responsibly, and Learn Joyfully

Inspiring Minds. Shaping Futures.

Vision

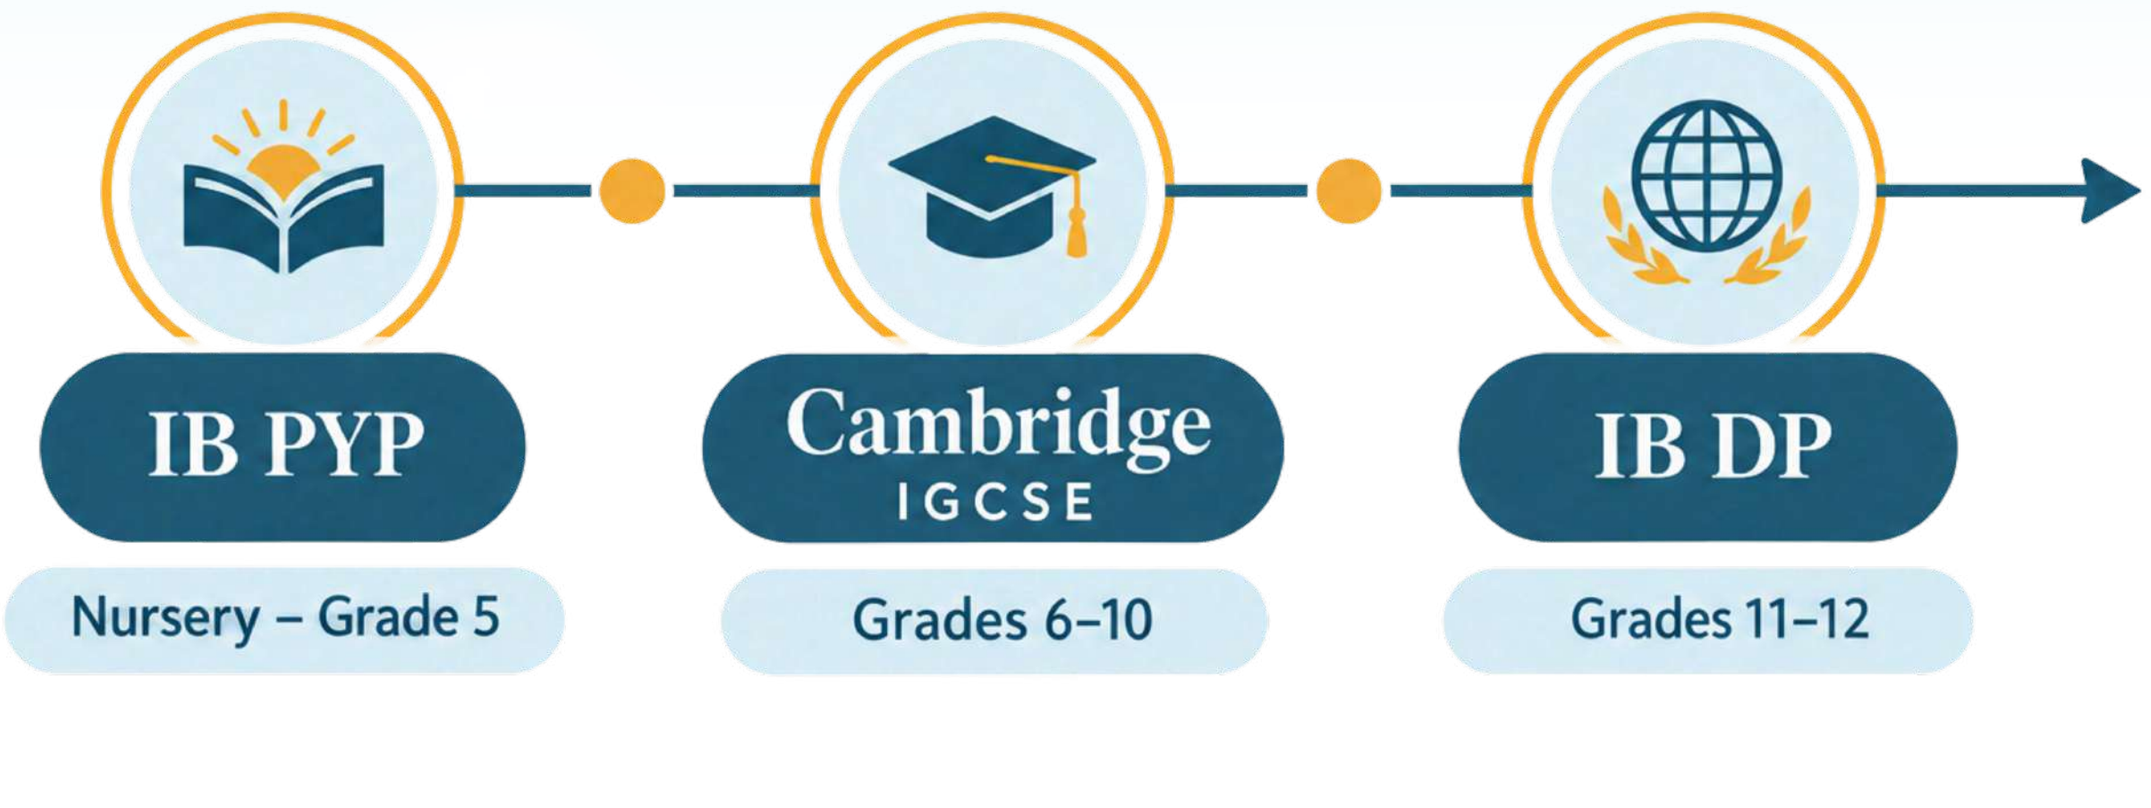

To nurture confident, compassionate, and curious learners who are prepared to engage meaningfully with a complex, interconnected world, while remaining deeply rooted in Indian values and inter-cultural understanding.

Mission

Chowgule International School (CIS) is committed to creating a dynamic and inclusive learning ecosystem where inquiry, reflection, and purposeful action are central to everyday learning. Through internationally benchmarked curricula, thoughtful pedagogy, and strong relationships, we empower learners to become lifelong inquirers, responsible global minded citizens, and ethical leaders of the future.

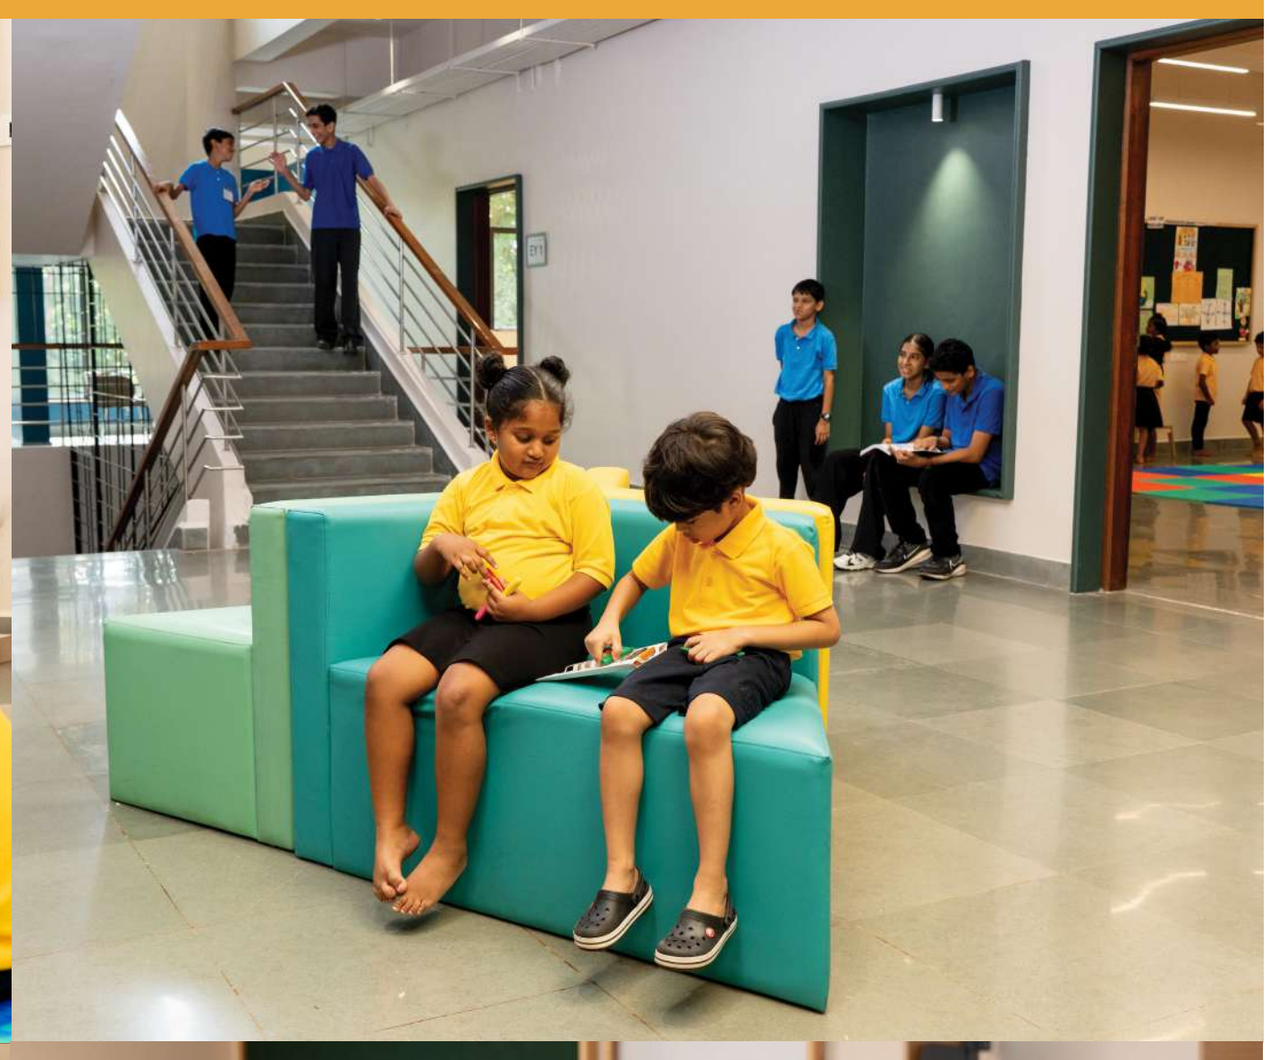

ENVISAGED CURRICULUM PATHWAY

Nurturing Conscious Learners for a Changing World.

Our classrooms are places of wonder — where students ask questions, experiment with ideas, and learn through meaningful experiences.

Our Classrooms Encourage

- Critical and creative thinking
- Real world connection
- Learning at every child's pace
- Technology enabled learning
- Values, empathy and respect

Where Learning Breathes Beyond Classrooms

Our co-curricular and extra-curricular programs include:

01 Creative Expression Through Art & Performance

02 Mindfulness and emotional well being

03 Entrepreneurship

04 Public speaking

Every Child. Every Voice. Every Dream.

We believe every child is unique. Our inclusive approach ensures that each learner receives personalized support and opportunities to thrive.

Support Systems Include:

- Environment as the third teacher
- Qualified special educators, counselors & therapists
- Differentiated instruction & flexible learning pathways
- Steiner, Montessori and Reggio Emilia approaches, which are pedagogy-based.
